# CORVETTE CLUB OF AMERICA

## History

The world's first Corvette club was founded in the summer of 1956 with approximately 25 charter members. The founders, John Ralph and Charles Eyre, organized the first club meeting on July 17, 1956. Then, the club charter was written and the tentative name "Capital Corvette Club" was taken under consideration. In September 1956, the name was changed to the Corvette Club of America; the intent was to make it a national organization.

In the months that followed, the Corvette Club of America (CCA) took its first steps toward becoming a national organization, laying the ground work for the National Council of Corvette Clubs (NCCC). This group now includes more than 11,000 members throughout the United States.

Early meetings and activities revolved around area Chevrolet dealerships who were helpful in providing support to the club over the years. This tradition continues with the **Corvette Club of America and Sport Chevrolet**.

Going into its 46<sup>th</sup> year as the world's oldest Corvette club, member's Corvettes range from 1954 Roadsters to ZR-1's, Z06's to C-5's, with most being in between. Car condition may be "basket case" project car to top notch show car. However, one thing remains unchanged -- the membership, male and female, young and old, all share a common interest -- **THE CORVETTE**.
