

Not a whole lot to report, so this will be brief!

The **Dyno Day** has been rescheduled for early spring. The goal is to offer the Dyno Day just as the race tracks open up next year. This will allow us racers to get our cars out early-on so that they will be in better shape when the 2006 season gets into full swing. This seems better than to do a Dyno Day now and then turn around and put our race cars in storage for the winter. The spring date should work-out better for us!

Unfortunately, the Annual Mustang Challenge Race was rained-out. I heard that the tentative rescheduled date for this important event is November 19th. I'll send out an email once I get conformation that the 19th is the real date or if they cancel the event again. The same particulars will still apply. The race will be held at the Mason Dixon track located in Hagerstown, Maryland. It will cost \$45 to race. Spectators will be charged \$10 each, however, they allow one spectator in free if they are riding with someone who pays to race. The gates will open at 9:00 AM and the first one down the track will be at 10:00 AM. The "cooler air" should produce some new "best times", especially if the air and track are dry. I hope the date gets set for good and that we will have good weather for it, because it is a very fun event. They plan to have four classes this year and they award trophies and cash prizes to the top three cars in each class. That means that there will be 12 winners! I'm sure that CCA will have a few people in the winner's circle. I hope to see you soon at the **Mustang Challenge Race on November 19th!**

If you want to know more about what is planned or happening in our "competition corner" please send me an email at cgeis@drc.com and I'll include you on our email distribution list.

Also, I hope to see some CCA racers at the **CCA Holiday/Awards Dinner/Dance** on December 3rd. It will give us a chance to do some "bench racing"!

Let's have some fun, enjoy ourselves, drive safely, and keep the racing where it belongs – on the track!! I'll see you there!!
