

# November Competition Report

## November CCA Competition Report

We usually have the Annual Mustang Challenge Race to look forward to before the season ends for the year, but I have been following the Northern Virginia Mustang Club who sponsors it and they are not going to have it this year (bummer!). However, we still have a few club members attending the various test and tune sessions found at many track locations. They are usually searching for a new “best time” which comes from the cooler and dryer air during this time of the year. Of course the down side is that unless the track surface temperature gets a little warm then there are traction issues that will take away all of the advantages of the coolness and dryness. If you are planning to go to a test and tune and would like some CCA racers to hang with then please let me know your plans and I’ll spread the word around. It is always more fun to do these activities with other club members instead of going solo.

I have had multiple people approach me in the last month asking if we can have a renewed push for our club to engage in autocrossing. I have even had some people to step forward and offer to help work such an event if we should have them. Consequently, I am going to plan on sponsoring at least one autocross in 2007. It might be a small one that is low speed, but even those can be challenging and lots of fun. If you are interested, either in driving your Corvette in an autocross or helping us by doing some of the work to put one on, please send me an email at [cgeis@drc.com](mailto:cgeis@drc.com) and let me know. I will develop a plan over the winter and be ready to organize something in the spring, so let me know!

As always, let’s have some fun, enjoy ourselves, drive safely, and keep the racing where it belongs – on the track!! I’ll see you there!!

Charlie Geis  
CCA Competition Chair
